Washington University in St. Louis
SCHOOL OF MEDICINE

John T. Milliken Department of Medicine
Division of Pulmonary and Critical Care Medicine

August 3, 2020

Dear Fellowship Applicants,

Thank you very much for your interest in our Pulmonary and Critical Care/Critical Care Fellowship Program.

The COVID-19 pandemic has impacted every aspect of our lives, yet we are making certain it doesn't prevent us from providing you with the same experience during the recruitment season.

For public safety, all interviews for all invited applicants will be virtual for our 2020-2021 recruitment cycle.

All interviews will be conducted through Zoom between September and October 2020 and are expected to last no more than 4 hours per interview day. We will factor in differences in time zones as we schedule these virtual interviews.

We will provide all applicants ample opportunities to meet our fellows and faculty, participate in our educational conferences, as well as become acquainted with our city, our hospital and facility.

We are very excited to meet you and can't wait to show you our program.

Sincerely,

Chad Witt, MD
Associate Professor of Medicine
Director, Pulmonary & Critical Care
Fellowship Program

Adam Anderson, MD
Assistant Professor of Medicine
Associate Director, Pulmonary & Critical Care
Fellowship Program
